

### Community Service Superstars

Dear Chamber Members and Friends,

You know what? WE ROCK as a community!

Sure, we have our troubles, like every other neighborhood in Seattle, but **we have people working together to make it better!**

The **Lake City Community Council**, a small but mighty group of neighbors, walks 33rd and nearby streets to clean up and keep an eye out for problems. Email Cheryl Klinker to join up, [cakaea@comcast.net](mailto:cakaea@comcast.net).

**Chuck Dickey**, our Community Service Chair, supervises Community Court folks in cleaning up Lake City Way and painting out graffiti, (call or email the Chamber for details).

**Kelli McBride and The Vital Jobs Team** from Seattle Mennonite Church, with the help of Tim Hunt, (Bean City Coffee) are **power washing the sidewalks** of our business district. For FREE. If your business is located near the Lake City “core,” they’ll come and wash your windows, tidy up the gardens and other chores. Again, for free. Who can beat a deal like that?

**Lake City Development Council** works monthly to improve our business district!

On another note, new this year at Pioneer Days is the **Pioneer Days Kid’s Dash** sponsored by Meadowbrook Community CARE and **PET CITY** with pet care, pet accessories and even pets to take home! Rescue center Whisker City is bringing their van with adoptable kitties.

Best,

Diane Haugen  
Executive Director
